Statement of Intent:

I have previous golf board experience (Lochiel Golf Club, Hamilton, where I was also Chair, for two years and Auckland Golf Association for three years) and coupled with my day job as Head of Commercial at Netball New Zealand, I know I have a lot to offer Windross Farm and wish to work to optimise the strong position the club is in now, for the benefit of our members.

Specifically, I will bring a wide array of relevant skills to the board, honed in the sports sector, including but not limited to revenue generation, business acumen, relationship building, stakeholder engagement and an ability to accurately read and interpret data, including financial accounts.

With recent changes at Windross Farm and the improved experiences for members and visitors alike, I am excited about the future of our club.

I choose where I put my time carefully and in choosing to put my hand up for the Windross Farm board I will give 100% to support the club, the new manager and all members to have an enjoyable time as part of a proud club.
